

Quinte Smart Homes

MAINTENANCE PACKAGE

V1.05.2025

Maintenance Package

Preventative maintenance extends the life of your system and ensures your technology remains secure, up-to-date and tailored to your lifestyle. Protect your investment and keep your smart home running at its best.

Maintenance Includes:

- ☒ Clean and dust all equipment racks
- ☒ Battery checks and replacements
- ☒ Wipe down all TVs, remotes and surfaces
- ☒ Perform all available firmware updates
- ☒ Programming adjustments and updates
- ☒ Update audio/room favourites and presets
- ☒ Adjust, add or remove automation scenes
- ☒ Enable, disable or modify system notifications
- ☒ Adjust lighting scenes and music presets
- ☒ Provide additional system training for you and your household

Need Something Else?

We understand every home is unique. If there is a particular adjustment, device tweak or system improvement you need, please share your request with us ahead of your appointment.

New hardware additions must be requested prior to your visit. Any associated costs will be quoted separately.
